EARTH

palette

AXPROCONCEPT

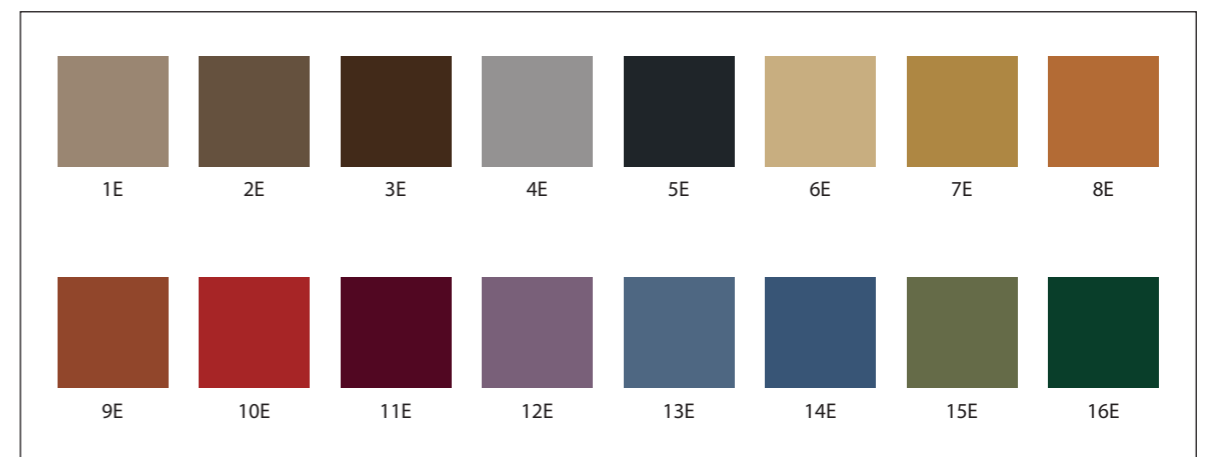

Our **Fast Track** programme contains three colour palettes: **VIVAT, PRIME, EARTH**. This designing brochure presents design inspirations for the Fast Track programme based on the colour palette **EARTH**.

The **EARTH** palette consisting of 16 colours is based on well-coordinated tones. The colours are mainly in muted shades which allow harmonious design developments. Three balanced browns perfectly complete sandy beiges, golden sienna as well as ruby red and warm purple. Dark emerald green and light olive match smoothly with cold blues. All of the tones are fulfilled with dark anthracite and neutral grey.

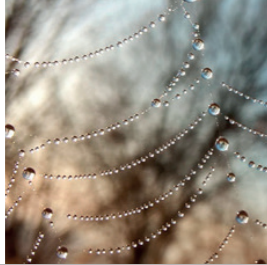

This allows free creation of beautiful and various designs. You can choose any design from the catalog or modify any of them in almost unlimited way. You can also treat designs as a source of inspiration in order to elaborate individual designs.

Selecting a Fast Track programme means choosing one of three colour palettes: **VIVAT, PRIME, EARTH**.

palette EARTH

Designing and production in the Fast Track programme guarantees lower prices and fastest production lead time.
